

Why Buy RSB150NX?

Long Runtime

Powerful Cleaning

Cordless Freedom

User Comfort

Quick Charge

Maximum Productivity

Combining total cordless freedom, optimum user comfort and powerful and professional cleaning results, the RSB150NX maximises cleaning productivity.

Stay Cleaning for Longer

New NX300 36V Battery Technology delivers 300Wh capacity with a market leading 80 minutes of consistent, powerful cleaning, giving you more time to get the job done.

Performance you can Trust

Equipped with our new 350W digital brushless motor, the RSB150NX is our most powerful cordless motor yet.

NX300 Network

With just one simple battery network, cleaning and swapping batteries between machines has never been easier.

Hard to Reach Becomes Easy to Clean

Freedom to clean without limitation, plus versatile accessory kit for carpets, hard-floors and precision cleaning.

Optimum User Comfort

Ergonomically designed with easy-adjust harness, handy tool storage and simple, integrated hand control, providing optimum user comfort and convenience.

Safer Cleaning

With no cable, the RSB150NX minimises the risk of slips, trips and falls, making it the ideal cleaning solution for cleaning tighter spaces and public areas.

MAXIMUM Productivity

Maximum Productivity

Combining total cordless freedom, user comfort, powerful and professional cleaning results, the RSB150NX maximises cleaning productivity, delivering the results you need without compromise.

STAY CLEANING for Longer

Stay Cleaning for Longer

New NX300 36V Battery Technology delivers 300Wh energy storage capacity with 80mins of consistent powerful cleaning, designed and engineered to give the optimum balance of performance, runtime and quick charge.

Off-board **NX Quick Charge Station** recharges to 80% in just 1 hour for unstoppable cordless cleaning. Easy operation of the machine allows for both instant on/off operation to save maximum power and simple LCD battery charge indicator displays precisely how much charge is remaining.

Performance YOU CAN TRUST

Performance you can Trust

Equipped with a newly developed high-performance 350W digital brushless motor, the RSB150NX is our most powerful cordless motor yet, delivering a 40% increase in airflow and suction.

NX300 Network

NX300 Network

The NX300 cleaning network brings the convenience and performance of professional cordless cleaning across our growing battery range. Bringing the benefits of NX300 cordless technology to your cleaning, increasing productivity and saving time and money.

HARD TO REACH
becomes
EASY TO CLEAN

Hard to Reach becomes Easy to Clean

Freedom to clean without limitation; lightweight, comfortable and faster. An absolute must for cleaning in confined spaces, such as cinemas, theatres, buses, trains and aircraft. The compact, slimline design allows complete freedom of operation in the tightest of spaces.

Optimum User COMFORT

Optimum User Comfort

Ergonomically designed with easy-adjust, posture-correcting harness and handy tool storage. Simple, integrated hand control provides optimum user-comfort, meaning less stretching, bending down, twisting and full control always. The breathable mesh panel allows air to flow and to keep the user cool and comfortable.

SAFER Cleaning

Safer Cleaning

With no cable, the RSB150NX minimises the risk of slips, trips and falls, making it the ideal cleaning solution for tighter spaces, day cleaning and public areas with high footfall.
